

About AmbitionBox

AmbitionBox was started in 2015 by two IIT Madras alums with the goal to help job seekers prepare for interviews. We grew from 0 to 1.5 Lakh users/month in 1.5 years and became one of the most loved platforms for interview prep in the country.

In 2016, we had a new home. We were acquired by Naukri.com who believed in our vision to help people build happy careers.

AmbitionBox has morphed from a small startup in an apartment to 40+ employees today that serve more than 85 Lakh users every month. Special thanks to our growing list of contributors without whom we could not have existed.

We now have company reviews, interview questions, salary and company information, jobs and so much more to help our users in their careers

Goal

Scrape data like Company name, reviews, ratings, employee size, location, etc. for all the listed companies on the websites

Importing Libraries

```
In [1]: import numpy as np
import pandas as pd
import requests
from bs4 import BeautifulSoup
#in order to remove 'warning' and 'error'.
import warnings
warnings.simplefilter(action='ignore', category=FutureWarning)
```

In case the the 'requests.get' gets an access denial or 'error 404' we use headers in such cases.

```
In [2]: headers={'User-Agent':'Mozilla/5.0 (Windows NT 6.3; Win 64 ; x64) Apple WeKit /537.36(KHTML , like Gecko) Chrom
```

```
In [3]: webpage=requests.get('https://www.ambitionbox.com/list-of-companies?page=1', headers = headers).text
```

```
In [4]: soup = BeautifulSoup(webpage, 'lxml')
#or we can use 'html.parser' instead, that helps us parsing html easily.
```

```
print(soup.prettify())
#prettify prints the content in more readable form.

The Housing Development Finance Corporation Limited or HDFC was among the first financial institutions in India to receive an “in principle” approval from the Reserve Bank of India (RBI) to set up a bank in the private sector. This was done as part of RBI’s policy for the liberalization of the Indian banking industry in 1994.

HDFC Bank was incorporated in August 1994 in the name of HDFC Bank Limited, with its registered office in Mumbai, India. The bank commenced operations as a Scheduled Commercial Bank in January 1995. As of March 31, 2021, the Bank had a nationwide distribution network of 5,608 branches and 16,087 ATMs in 2,902 cities/towns.

    Amazon is guided by four principles: customer obsession rather than competitor focus, passion fo
r invention, commitment to operational excellence, and long-term thinking.

```

We are driven by the excitement of building technologies, inventing products, and providing services that change lives. We embrace new ways of doing things, make decisions quickly, and are not afraid to fail. We have the scope and capabilities of a large company and the spirit and heart of a small one.

Together, Amazonians research and develop new technologies from Amazon Web Services to Alexa on behalf of our customers: shoppers, sellers, content creators, and developers around the world.

Our mission is to be Earth's most customer-centric company. Our actions, goals, projects, programs, and inventions begin and end with the customer's top of mind.

You'll also hear us say that at Amazon, it's always "Day 1." What do we mean? That our approach remains the same as it was on Amazon's very first day - to make smart, fast decisions, stay nimble, invent, and focus on delighting our customers.

  IBMers believe in progress—that the application of intelligence, reason and science can improve business, society and the human condition

IBM has developed a thoughtful, comprehensive approach to corporate citizenship that we believe aligns with IBM's values and maximised the impact we can make as a global enterprise. We focus on specific societal issues, including the environment, community economic development, education and skills, public health, literacy, language and culture.

The mission of India CSR is to foster life-long learning opportunities across India through streamlined initiatives that cut pathways across education [access], skills/employability [inclusion], and employment [equity and quality].

IBM’s greatest asset is the IBMer. We believe our strength lies in the diversity of our employees. IBM encourages creative pursuits and passions outside of work, because when IBMers can explore their curiosity, it gives all of us a new outlook on the world and its possibilities for emerging tech. Together, IBM can drive progress through meaningful innovation and action.

The new generation of hybrid cloud enables you to build once, deploy anywhere and manage it all from a single pane of glass. So your business can adapt and transform like never before.

    A federation of companies, bound by one purpose – to Rise. Inspired by this spirit, our legacy, and values, our goal to always positively impact our partners, stakeholders, communities, and the world at large, remains unshakeable.

    What began as a steel-trading venture seven decades ago, steadily turned into a global brand, spanning nations and industries. This is a story with an upward curve, narrating how an Indian company paved its way to become a global powerhouse. We have come a long way since 1945 and as we accelerate into the 21st century, we aim at achieving even more.

We are driven by the excitement of building technologies, inventing products, and providing services that change lives. We embrace new ways of doing things, make decisions quickly, and are not afraid to fail. We have the scope and capabilities of a large company and the spirit and heart of a small one.

Together, Amazonians research and develop new technologies from Amazon Web Services to Alexa on behalf of our customers: shoppers, sellers, content creators, and developers around the world.

Our mission is to be Earth's most customer-centric company. Our actions, goals, projects, programs, and inventions begin and end with the customer's top of mind.

You'll also hear us say that at Amazon, it's always "Day 1." What do we mean? That our approach remains the same as it was on Amazon's very first day - to make smart, fast decisions, stay nimble, invent, and focus on delighting our customers.
